Wednesday, February 8, 2023

PAASS Program 8am-12pm
PROFESSIONAL AERIAL APPLICATORS SUPPORT SYSTEM
“UPON THE PERFORMANCE OF EACH RESTS THE FATE OF ALL”
Cumberland South

PAASS Presenters

Dominique Youakim and Craig Bair

Sponsored by Souther Field Aviaiton, Inc., Precision Aerial LLC, AirWorks

8:00am – 8:30am

2022 Agricultural Aviation Accident Review – A review of the causes and other trends from 2022 season.

8:30am – 10:10am

Reducing Wire Strike Accidents – Education aimed at reducing wire strike accidents with a focus on vision science, the importance of reading hardware as opposed to looking for wires, and how short-term memory can affect likelihood of a wire strike.

10:10am – 10:25am

Break, Cumberland South Foyer

10:25am – 11:25am

Using Larger Spray Droplets to Reduce Drift and Maintain Efficacy – Making applications using a droplet size larger than commonly used in the aerial application industry and ways agricultural aircraft can be set up to make larger droplet sizes.

11:25am – 11:45am

Agricultural Aviation Airfield Watch – A real-life example will be given of an operator who had their aircraft’s fuel intentionally contaminated.

11:45am – 12:00pm

Causing of Streaking – A review of the potential causes of streaking in fields.

12:00noon – 12:15pm

Aerial Applicator Knowledge Quiz
